

Easter 2022

For God alone my soul waits in silence, for my hope is from him
Ps 62,6

May this Easter bring hope and faith in God's guidance on every journey. In a world full of anxiety, as we look to Ukraine and help our sisters and brothers who are fleeing their homeland seeking a safe place for themselves and their families, we see how much we need God's light. May the risen Christ strengthen us in all our daily activities, bring goodness and peace and make mutual love our common witness.

May the faith and hope revealed in Jesus Christ's love for humanity give us strength to overcome difficulties and allow us to look to the future with confidence.
